School Site: Catalina Foothills High School

Buildings:

Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

The main parking lots and service drive aisles require slurry sealing as the aggregate is beginning to show through the surface. If this work is not done soon, major repaving will have to be done. In addition, a lot that was put in place about five years ago requires seal coating to protect the asphalt.

Budgets were obtained from Sunland Asphalt using the SAVE contacts came for:

South lot and VV lot :\$13,711.00

East lots and service roads: \$56,135.00

North lots and drive aisles: \$110,522.00

Total: \$180,368.00

The proposals include retriiping and drive aisle markings.

Project Category: Surfaces

Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school? N

Available Funding

Current unencumbered building renewal fund balance (Fund 690):	\$0.00
Amount of Local funds planned for this project	\$0.00

Please outline any associated insurance coverage.

This preventative maintenance is not covered by Insurance.
